

Creating a Culture of Care – Information and Application Form

Presented by Central Counselling & Training Service

Who is the course for?

The course is for church leaders who have pastoral responsibility and those who coordinate or provide pastoral care within the local church.

We would encourage pastoral teams to come together as we have found that it is very beneficial in not only building relationships but also in shared learning and language as what is learned is taken back and applied in the church.

We can also deliver the training in house for larger groups. Please contact us if you would like to discuss this.

What will be covered?

The course will include a mix of theory, practice and practical application into your church setting. Topics covered include:

- Gods caring heart
- Created to care and be cared for
- Caring for individuals and the whole community
- Caring for the whole person
- Caring for those who care
- Organising care within the church
- Caring through listening

When is the course running?

The open course runs over six evenings (from 6:30pm to 10:00pm) at Central Hall, St Mary Street, Southampton. We don't have any dates planned yet, but if you would be interested, please send in an application form (below)

How much does it cost?

The course costs £140pp which includes notes and refreshments. A 15% discount is available for groups of 5 or more from the same church.

APPLICATION FORM – CREATING A CULTURE OF CARE

Name:

Mobile:

Email:

Church:

I am interested in:

Attending the course myself

Bringing a team of people

Running the course in house for people
